CITATION CJ4

About the Citation CJ4

The Citation CJ4 is an upgrade to the popular Citation CJ3 model and is equipped with a range of advanced features, including a larger cabin, improved avionics, and more powerful engines. The CJ4 can accommodate up to eight passengers and has a range of over 2,000 nautical miles, making it an ideal aircraft for short- to medium-range flights. Its speed, range, and advanced technology make it a popular choice for business and personal travel.
